

AVERIE BISHOP, MISS TEXAS PRESENTS

# GROW A GARDEN

ELEMENTARY SCHOOL PROGRAM

Grab your shovels and dig deep into diversity and inclusion. Averie is on a mission to teach students that every flower in our Texas garden deserves to blossom into their greatest potential. Grow a garden walks elementary students through the process of growing friendships with different petal pals, teaches students how to respect all the various sizes and colors of flowers, and leaves them with tangible tools to celebrate what makes them different. After all, without colorful flowers, plants would just be green, and our world would be a duller place. When every flower receives lots of sunlight, water, and healthy soil, we all can grow into a healthy and vibrant garden, together!

# MEET YOUR GARDENER

## AVERIE BISHOP, MISS TEXAS

Averie is a first generation graduate of SMU Law school and viral tiktoker. Averie experienced poverty, food insecurity, foreclosure threats, and discrimination as she grew up in her small town in Texas. She has dedicated her year of service to her social impact initiative, Y'all Means All, where she aims to make every child feel at home and teaches them how to grow into their greatest potential. Averie is also the official ambassador of the Texas Cares for Children program.

Averie has several age appropriate school programs across diversity and inclusion, and social media and mental health.
